That's great you're helping on the permits. I'm doing the Washington hydro dams (4 Lower Snake, 4 Lower Columbia and Grand Coulee). I think Courtney's on those though, because they're going to be based off another permit (Idaho hydro GP) that she worked on. Also, Dru Keenan worked on the Idaho hydro GP. Jamey Stoddard is finishing those up, and we're all working together. There are some sticky issues that she's in the middle of. Having said that, if she ends up not working on those, those are my permits, so keep them in mind!

I guess we need to chat (NOT discuss work stuff) when you get back. I'm doing fine, but hating this heat—eight days forecast over 90 in Portland. Ugh!

Also, I'm helping Courtney out with the permits push. Let me know if there are any you are working on that I should volunteer for!

I would also love to chat and catch up on life with you. I hope you're doing well!

Could you have coffee (or cold drinks) some time next week on M, T or W while I'm in Seattle? I would really love to chat a bit outside work!
